SUPERVISORY PATENT EXAMINER

Allowable Subject Matter

1. Claims 1-4 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fail to teach or fairly suggest a taught position modification device for correcting positions of taught points in an operation program of a robot prepared by an offline programming system, using a visual sensor arranged at a movable part of the robot, said device comprising a jog-feed coordinate system with respect to the corrected positions of the taught points using information from the offline programming system; and modification means for modifying the corrected positions of the taught point in the operation program based on positions of a control point of the operation tool or the position correction tool, at which positions or orientations of the operation tool or the position correction tool are designated by jog feeds using the jog-feed coordinate system such that the control point takes objective positions for the taught points in combination with the other features of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
